

Capillary thermostat type ELTh-A-2

to be used as an air or surface thermostat. Housing and adjusting knob of shockproof thermoplastic material, Pg 13.5 gland, wall installation (max. size of screw: M4), change over contact, sensor of stainless steel.

Switching difference: ± 3
 Switching capacity: 15A/400 V
 Adjustment range: -20°C to +40
 Length of capillary tube: 1.5 m
 Diameter of sensor: 6.5 mm
 Length of sensor: 142 mm
 Protection class: IP 65
 In compliance with: CEI-EN 60647-5-1

Electronic thermostat type ELTC/2

Adjustment range: 0°C to 100
 Housing: polycarbonate
 Dimensions: 130 x 130 x 75 mm
 Protection class: IP 65
 Cable entries: 1xPg7,2xPg 16
 Supply voltage: 230 V $\pm 10\%$
 Frequency: 50/60 Hz
 Switching capacity: 16 A/230 V
 1 or 2 poles
 Colour of LED: yellow (ON)
 Amb. temperature: -30°C to +80

Complete Control Cabinets for ESR Heating Tapes type ELHKV

The control cabinets type ELHKV are designed for 1 or 2 single-phase heating circuits or for maximum 4 three-phase heating circuits with self regulating heating tapes.

A main switch turns the heating circuits ON or OFF. Each heating circuit is protected separately by a circuit breaker. Terminals for an external controller, for the heating tape and for a failure signal are provided for each heating circuit.

In the AUTOMATIC position, the heating tapes are switched ON or OFF by an external thermostat.

The cabinets are equipped with 3 LEDs:

- Green: Power ON
- Yellow: Heating ON
- Red: Failure

Housing: protection class IP 54/IP 65
 Power supply: 400/230 V AC –
 3-phase current with
 neutral and earth

ELHKV-E1-1

Complete control cabinet for 1 heating/
 control circuit

ELHKV-E1-2

Complete control cabinet for 2 heating/
 control circuit

ELHKV-ST-3

Complete control cabinet for 1 control
 circuit / 3 heating circuits

ELHKV-ST-6

Complete control cabinet for 2 control
 circuit / 6 heating circuits

ELHKV-ST-9

Complete control cabinet for 3 control
 circuit / 9 heating circuits

ELHKV-ST-12

Complete control cabinet for 4 control
 circuit / 12 heating circuits
