Note : Crimping tools for VDE-approved connections are available.

Item	Description	Item No.
Connection/ End termination kit		
ELVB01	connection/end termination kit for heating cable ELSR 10/20 BO(T) with cable gland M25	0911004
ELVB31	connection/end termination kit for heating cable ELSR 10/20 BO(T) with cable gland Pg16	0911092
ELVB02	connection/end termination kit for heating cable ELSR 30/40 BO(T) with cable gland M25	0911008
ELVB32	connection/end termination kit for heating cable ELSR 30/40 BO(T) with cable gland Pg16	0911096
ELVB03	connection/end termination kit for heating cable ELSR F/W BO(T) with cable gland M25	0911012
ELVB33	connection/end termination kit for heating cable ELSR F/W BO(T) with cable gland Pg16	0911100
ELVB04	connection/end termination kit for heating cable ELSR H with cable gland M25	0911016
ELVB34	connection/end termination kit for heating cable ELSR H with cable gland Pg16	0911104
ELVB05	connection/end termination kit for heating cable ELSR-S BO(T) with cable gland M25	0911020
ELVB35	connection/end termination kit for heating cable ELSR-S BO(T) with cable gland Pg16	0911108
ELVB06	connection/end termination kit for heating cable EL-Mix	0911024
ELVB07	connection/end termination kit for heating cable EL-Mix with connection cable	0911028
ELVB08	connection/end termination kit for heating cable ELP/FEP u. ELP/PFA with cable gland M25	0911032
ELVB09	connection/end termination kit for heating cable ELP/FEP u. ELP/PFA with cable gland Pg16	0911036
ELVB10	connection/end termination kit for heating cable ELP/Si with cable gland M25	0911040
ELVB11	connection/end termination kit for heating cable ELP/Si with cable gland Pg16	0911044
ELVB22	connection kit for heating cable ELKM-A for 1.5	0911048
ELVB26	connection kit for heating cable ELKM-AS for 1.5	0911052
ELVB30	connection kit for heating cable ELKM-AG for 1.5	0911056
Insulation entry kit		
ELISD-1.09	Insulation entry kit 1× Pg9, dimensions of cover plate 70× 70mm, Sealing range 3.5...8mm	0921003
ELISD-1.11	Insulation entry kit 1× Pg11, dimensions of cover plate 70× 70mm, Sealing range 4...10mm	0921007
ELISD-1.13	Insulation entry kit 1× Pg13,5, dimensions of cover plate 70× 70mm, Sealing range 6...12mm	0921011
ELISD-1.16	Insulation entry kit 1× M16, dimensions of cover plate 70× 70mm, Sealing range 4.5...10mm	0921015
ELISD-1.20	Insulation entry kit 1× M20, dimensions of cover plate 70× 70mm, Sealing range 7...13mm	0921019
ELISD-1.25	Insulation entry kit 1× M25, dimensions of cover plate 70× 70mm, Sealing range 9...17mm	0921023
ELISD-P1	Insulation entry kit for heating cable ELP/FEP u. ELP/PFA, dimensions of cover plate 70× 70mm	0921027
ELISD-P2	Insulation entry kit for heating cable ELP/Si, dimensions of cover plate 70× 70mm	0921031
ELISD-R1	Insulation entry kit for heating cable ELSR 10/20 BO(T), dimensions of cover plate 70× 70mm	0921035
ELISD-R2	Insulation entry kit for heating cable ELSR 30/40 BO(T), dimensions of cover plate 70× 70mm	0921039
ELISD-R3	Insulation entry kit for heating cable ELSR F/W BO(T), dimensions of cover plate 70× 70mm	0921043
ELISD-R4	Insulation entry kit for heating cable ELSR H, dimensions of cover plate 70× 70mm	0921047
ELISD-R5	Insulation entry kit for heating cable ELSR-S BO(T), dimensions of cover plate 70× 70mm	0921051
Thermal insulation and outer cover		
ELVB-S03	transparent silicone-coated fiberglass hose, inside diameter3 mm max. operating temperature 220	2446300302
ELVB-S06	black silicone-coated fiberglass hose, inside diameter 6mm, max. operating temperature 220	2446300601
ELVB-S08	black silicone-coated fiberglass hose, inside diameter 8mm, max. operating temperature 220	2446300802
ELVB-S10	black silicone-coated fiberglass hose, inside diameter 10mm, max. operating temperature 220	2446301002
ELVB-S12	black silicone-coated fiberglass hose, inside diameter 12mm, max. operating temperature 220	2446301201
ELGG-02	Glass colth tape 50mm wide, max. operating temperature 450	2416090500
ELGG-04	Glass colth tape 70mm wide, max. operating temperature 450	2416090700
ELGG-06	Glass colth tape 100mm wide, max. operating temperature 450	2416091000
ELGG-10	Fiberglass 420 gr/ white 1.0m, max. operating temperature 450	2416004200
ELGG-12	Fiberglass 600 gr/ white 1.0m, max. operating temperature 450	2416006000
ELGG-14	Fiberglass 640 gr/ white 1.27m, max. operating temperature 450	2416006400
ELGG-16	Fiberglass silicone-coated 415 gr/ , max. operating temperature 200	2416304400
ELGG-18	Fiberglass aluminum coated 420 gr/ , max. operating temperature 150	2416904200
ELGQ-01	Quartz fabric 600 gr/ white 0.92m wide, max. operating temperature 1000	2417006000
ELIS-G15	Glass felt mat 15× 1000mm, max. operating temperature 450	2436001502
ELIS-G25	Quartz felt mat 25× 1000mm, max. operating temperature 1000	2436002502
ELIS-Q10	Quartz felt mat 10× 1000mm, max. operating temperature 1000	2437001000
ELIS-Q25	Quartz felt mat 25× 1000mm, max. operating temperature 1000	2437002500
ELB-05A	50m Aluminum foil 100× 0.1mm, max. operating temperature 450	2701001003
ELB-05B	100m Aluminum foil 100× 0.1mm, max. operating temperature 450	2701001002
ELB-05C	100m Aluminum foil 500× 0.05mm, max.operating temperature 450	2701000501
ELB-05D	25m Aluminum foil 1000× 0.1mm, max. operating temperature 450	2701001001
